Gregory Potter, 67, Crooked Oak Drive Lenoir City, was charged with Aggravated Assault.

Officers with LCPD, were dispatched to Crooked oak Dr for a Domestic related call. Upon arrival, officers met with the complainant/victim outside the residence.

Agg. Assault

Thomas Childress, 24, Buttermilk Road Lenoir City, was charged with Domestic Assault.

Deputy Clay Jenkins LCSO, responded to Buttermilk Rd in reference to a burglary in progress. Upon arrival, Deputy then made contact with victim who advised his son Thomas Austin Childress had broken into the house through the back door. While in fear, victim then locked himself in his room and barricaded the door. He advised that Thomas Childress then attempted to break down the door to his room to get to him but could not get it opened. This was the third response to the address for the day for a domestic situation. Victim also advised that Thomas had made suicidal threats earlier in the day and had been

off of his medication for five weeks. Deputy observed the back door to be damaged from forced entry to the residence. Deputy was unable to make contact with Thomas and Deputy then determined that Thomas Childress was the primary aggressor. Deputy then made contact an hour later with Thomas Austin Childress walking at the intersection of Buttermilk Rd and Blue Tick Ln. safe communities. Approximately \$13 million will support the creation and delivery of national level de-escalation training efforts, as well as state and local law enforcement agency efforts to build and maintain their officers' de-escalation proficiency.

The funding awarded to the City of Knoxville will help enhance the Knoxville Police Department's capacity to implement, evaluate, and monitor de-escalation techniques. De-escalation techniques have the potential to help prevent the need for use of force in many police and community encounters.

The COPS Office is the federal component of the Department of Justice responsible for advancing community policing nationwide. The only Department of Justice agency with policing in its name, the COPS Office was established in 1994 and has

been the cornerstone of the nation's crime fighting strategy with grants, a variety of knowledge resource products and training and technical assistance. Through the years, the COPS Office, has become the go-to organization for law enforcement agencies across the country and continues to listen to the field and provide the resources that are needed to reduce crime and build trust between law enforcement and the communities served. The COPS Office has invested more than \$1.4 billion to advance community policing, including grants awarded to more than 13,000 state, local and tribal law enforcement agencies to fund the hiring and redeployment of more than 134,000 officers. teaching a class, giving a lecture, or leading a discussion group. Whatever it is, don't be surprised if you alternate between inspired and free-flowing articulation and total mental block. When the latter happens, ask for questions. That'll give them a chance to speak and get your brain going again.

Scorpio 10/23-11/21

Too many errands to run? Too many calls to make? Don't be surprised if you feel like you're running in circles. You might be trying to juggle career concerns while making plans for a journey of some kind. Take time to relax. Go to a movie and forget everything for a while. It isn't worth making yourself crazy.

Sagittarius 11/22-12/21

Unexpected expenses, perhaps for house repairs, might require some budgetary juggling. You might have to rob Peter to pay Paul. This will probably offend your practicality, but it's only temporary. With your sound financial sense, you'll be able to balance your budget again soon. Your diet over the next few days may include a lot of peanut butter sandwiches.

Capricorn 12/22-01/19

Surliness on the part of a partner could catapult you into a gloomy mood. Your friend isn't communicating very well, and you probably wonder if it's something you said or did. Chances are it's not. All signs indicate that it's business. Don't try to

force your partner to share these concerns with you, as this will only cause further retreat. Your friend will talk when the time's right.

Aquarius 1/20-2/18

Too much partying could have you feeling a little under the weather. The food and drink may have been great, but today you'd better eat plain but nourishing food. You may not be inclined to exercise, but a brisk walk or yoga class might be just what you need. It will also clear your head. You should be yourself again by midafternoon.

Pisces 2/19-3/20

Friends and lovers alike may take unfair advantage of your good nature. Some may want you to do them favors. Others might want to use you as a sounding board for their problems. You won't want to turn them away. If you can't avoid them, you should learn to say, "I'll help you later!" You can only be in one place at a time, and there are only 24 hours in a day.

Aries 3/21-4/19

Family members might have too much on their minds today and ask you for more help than you're prepared to give. Make sure you stay calm and focused so you can decide which difficulties are most urgent and need to be handled first. Don't be afraid to tell others your decision. When possible, give advice rather than help. Sometimes that's all people really need.

Taurus 4/20-5/20

Today you might spend time helping a sibling or neighbor prepare for a trip. Or more

than one person could ask you for advice on business matters, legal papers, investments, homework, or other intellectual concerns. Try not to spread yourself too thin or you won't be much use to anybody, least of all you. If it doesn't all get done today, there's always tomorrow.

Gemini 5/21-6/20

Someone may approach you talking about investments. This person may make whatever he's pushing sound like a pot of gold at the end of the rainbow. Remember the adage, "If something sounds too good to be true, it probably is!" If you're interested in what this person has to say, wait a few days and then check with an unbiased source. It always pays to be cautious!

Cancer 6/21-7/22

Today you may feel like you're brimming over with physical energy. You have a lot of energy, but it isn't a good idea to go climbing mountains, running marathons, or swimming long distances right now. If you don't

pace yourself, you could be exhausted by midafternoon. You may be temporarily operating on nervous energy and limited stamina.

Leo 7/23-8/22

Responsibilities may be weighing on your mind today. Perhaps you've promised someone help but don't have the time and energy to come through right now. Don't be afraid to tell the person. Between the two of you, you can work something out that creates a win-win situation so your friend gets the needed help and you don't tire yourself out. A little ingenuity is all it takes!

Virgo 8/23-9/22

A tremendous burst of creative energy regarding a cherished project could hit today. Inspiration could strike, and you'll want to turn as much of that into physical reality as possible. Don't be disappointed if your insights are exhausted quickly and you hit a roadblock. Don't try to force it. Stop working for now and take it up later. The inspiration will come again!
