Following his release from prison, the

United States Probation Office will supervise the defendant for 30 years and he will be required to register as a sex offender in any state in which he resides, works, or attends school.

ivist child predators to the fullest extent of the law," said Acting United States Attorney Francis M. Hamilton, III.

"The lengthy sentence in this case shows the significant punishment child predators face for their incomprehensible actions," said Homeland Security Investigations (HSI) Nashville Special Agent in Charge Jerry C. Templet, Jr. "HSI will continue to work with our law enforcement partners to remove these offenders from our communities and protect their vulnerable young victims."

According to the evidence presented at trial, the investigation began after Facebook notified the National Center for Missing and Exploited Children (NCMEC) that Sykes was soliciting a 15-year-old girl for sex and child pornography with

messages he sent to the girl through Facebook. NCMEC notified the Knoxville Police Department's Internet Crimes Against Children unit (KPD-ICAC), which immediately contacted the local Department of Children's Services office to help identify the girl and ensure her safety. KPD-ICAC arrested the defendant within 48 hours after the minor was interviewed. Federal search warrants were used to obtain the defendant's and the victim's Facebook communications and to search the defendant's phone, which revealed substantial evidence that was used at trial to convict Sykes.

The case was investigated by KPD-ICAC in partnership with HSI. The case was prosecuted by Assistant United States Attorneys Matthew T. Morris and Gretchen Mohr.

This case was brought as part of Project Safe Childhood (PSC), a nationwide

initiative to combat the growing epidemic of child sexual exploitation and abuse launched in May 2006 by the Department of Justice. Led by U.S. Attorneys' Offices and the Criminal Division's Child Exploitation and Obscenity Section, PSC marshals federal, state and local resources to better locate, apprehend and prosecute individuals who exploit children via the Internet, as well as to identify and rescue victims. For more information about PSC, please visit [www.projectsafefchildhood.gov](http://www.projectsafefchildhood.gov).

## Horoscopes

anticipated for a long time. This will be very welcome news and worthy of a celebration, although you still might not believe it. Believe it! Your long wait is over. Now you have to resist the temptation to spend it all in one place.

**Sagittarius 11/22-12/21**

A social event today could put you in contact with some old friends who mean a great deal to you. The occasion will be very warm and friendly, though you may feel a little subdued. Never mind! Sometimes companionable silence is preferable to forced talk. Just bask in the presence of cherished companions and listen to what others say. You'll enjoy yourself that much more.

**Capricorn 12/22-01/19**

Working closely with someone might bring up some strong, warm affection between you. It may or may not be a romantic attraction, but if it is, don't read too much into it now. The situation is creating the emotions. There's the chance that the attraction could pass by tomorrow. But you've probably found someone with whom you can collaborate harmoniously. That's important!

**Aquarius 1/20-2/18**

Love, affection, and romance seem to be all around you. Strong unity with close friends, family members, and your romantic partner may well up throughout the day. You can also expect a rush of imagination and artistic inspiration, perhaps generated by the sup-

port of those around you. Any relationships formed now will last a long time. Recall this day when times get tough.

**Pisces 2/19-3/20**

Strong psychic impressions about absent friends or family members may come to you today. All are apt to be positive, though you might find it disconcerting. You might even think it more so if you learn your intuition was right! This tendency may continue for a while. Your sensitivity to others' thoughts and feelings is increasing. It can contribute to your understanding of them. Make the most of it.

**Aries 3/21-4/19**

Today you could intuit powerful feelings of affection from someone you might be romantically attracted to. You could feel a rush of exhilaration from this experience before your skeptical side kicks in to say it's all wishful thinking. A little skepticism is healthy, but don't let it overpower your positive impression. All signs say that what you sense is true. Follow your heart.

**Taurus 4/20-5/20**

Your kindness and good manners could pay off today. Someone who respects you a great deal might offer you an opportunity to advance that increases your income. You may have known this person for a long time, and the two of you work well together. This opportunity should be welcome and not intimidating. Go for it! If you do, the future will be rosy.

**Gemini 5/21-6/20**

Love and romance are going marvelously well today.

If you're attached, affection continues to grow between you and your partner. A strong sense of unity could lead to a firm commitment. If you aren't currently involved, don't be surprised if someone you like but don't know well suddenly seems attracted to you.

**Cancer 6/21-7/22**

You tend to be intellectually inclined. Today you might put some of your knowledge to work in a creative way. Your intuition and imagination are working overtime. If you've been thinking about starting a new project, this is the day to do it. The only downside is that you could get so obsessed with your work that you can't concentrate on anything else. Pace yourself so you don't burn out.

**Leo 7/23-8/22**

A loving, supportive letter or call from a close friend could be just what the doctor ordered today. You may feel overworked and a little pessimistic about any plans you've made. Your friend should lift your spirits and motivate you to push on ahead in spite of

whatever obstacles you encounter. Remember this kindness. Your friend may need the same from you sometime in the future.

**Virgo 8/23-9/22**

Today you may come up with some attractive new ideas to advance your career and increase your income. The only question is whether or not you can follow through. Some of them may be workable and some may not, but if you're serious, you should do some research to figure that out. The future looks good if you take the necessary steps to turn your ideas into reality.

**Libra 9/23-10/22**

Today you might experience a rush of spiritual insights. Whatever comes to you seems clear and right, and it could inspire music, poetry, or painting. The only problem might be that these insights may disappear if you don't write them down right away. Visions from the other side can be ephemeral. If you like what's coming to you, keep a record of it. You'll be glad you did.
