by the Centers for Disease Control and Prevention. Tennessee county health departments receive these visits every 24 months. Private providers receive these visits every 12 months.

•Health care providers and organizations currently receiving COVID-19 vaccines receive a call from the TDH regional immunization representative to review a checklist of requirements. Any flags prompt a site visit.

•All new providers onboarded to receive COVID-19 vaccines receive information to help start their operation, and are contacted by the TDH vaccine storage and handling team to review expectations for appropriate handling and administra-

tion of these vaccines.

•TDH is engaging a health care quality assurance company to provide ongoing checks with COVID-19 vaccine providers.

As TDH reported last week, TDH has embedded personnel at the Shelby County Health Department for technical assistance, monitoring of their pharmacy operation and improvement in efficiency of their COVID-19 vaccination sites, following reports of COVID-19 vaccine wastage. The TDH immunization program is working with the state's five other metropolitan health departments to perform quality assurance visits this week, and will perform quality assurance checks with all 89 rural health departments over the next

two-three weeks.

Horoscopes

your worries at the doorstep, because there's no need to hesitate on a day like this. Your kingdom is ready for you. Be strong and remember that the best way to lead people is to walk behind them.

Aries 3/21-4/19

Being of service to others is important, Aries, but make sure that you're taking care of yourself, too. Turn up the heat and let yourself expand into other worlds today. There may be an extra amount of dramatic flair that goes along with the events of the day, so participate in the absurd. This may be exactly the break from reality that you were hoping to find.

Taurus 4/20-5/20

If there is an imbalance in your relationship with someone close, it's important to take a stand now, Taurus. Make sure you speak your mind with conviction. The stakes are higher when people's egos are involved, as they will be today. You're the air that fuels the fire, so be careful of which way you direct your energy.

Gemini 5/21-6/20

There could be a great deal of friction in your world today, Gemini, as stubborn minds aggressively come into conflict with each other. Be careful how you treat others, because feelings are likely to be hurt if you're insensitive. Others may look tough, but deep down they're just as soft as you are. Think twice about using your aggressive nature at the expense of others.

Cancer 6/21-7/22

Things should go nicely for you today, Cancer. You will find that the brighter you shine, the more prosperity will come your way. Things should flow smoothly, and your mind will be clear and strong. There is a marked aggressiveness to your nature that is powerful and effective. Use this to your advantage and try to bring others up to your level instead of making them feel like they're beneath you.

Leo 7/23-8/22

You may need to make some mental adjustments in order to get on the same wavelength as other people today, Leo. You may not see what all the fuss is about. Don't take things too seriously and don't feel like you need to make sense of every detail that presents itself. Some things are best left unknown. Enjoy the diversity in your world and respect the differences in other people's approaches.

Virgo 8/23-9/22

There may be important lessons about balance that come up today, Virgo.

Make sure you're ready to handle the fire, because it will be coming at you. Egos are large, and everyone is going to have an opinion on everything. Tension may exist, but this doesn't mean you should back down from your position. Be flexible and understanding, but don't necessarily assume that you're wrong.

Libra 9/23-10/22

The events of the day might leave you feeling a bit confused and bewildered, Libra. Perhaps you're feeling like you aren't getting the attention you feel you deserve. You may wonder why the one thing you want the most may be the one thing you can't have. You have more than you think you do. No one wants to be with someone who's moping and depressed. Let your internal light shine brightly.

Scorpio 10/23-11/21

This is a terrific day for you, Scorpio. You will find that your mind and your urge for action are on the same page. The fire within you is raging hot. Use this aggressive internal urge to tackle projects that require courage, strength, and a flair for the dramatic. You will find that you're more than able to accomplish everything you want to accomplish today.

Sagittarius 11/22-12/21

Feel free to be a bit more selfish than usual, Sagittarius. You might find yourself turning inside out in order to get your point across. Attend to your dreams and ambitions and let your voice be heard by the crowd. Don't be surprised if you meet opposition, but don't take this as a sign that you should back down. Stand up for your needs!

Capricorn 12/22-01/19

You might find that your desire to conquer is active today, Capricorn, and that your mind is right in line with the urge to take action. Listen to this and stoke the internal fire. You will find that you can increase your circle of influence by a great deal as long as you're willing to take a decisive risk in how you approach every situation. Be bold and courageous in your actions.

Aquarius 1/20-2/18

You might find it necessary to give yourself a bit of self-healing, Aquarius. Other people may want your attention, looking for advice and help with their own sob stories, when in reality you have your own matters to take care of. Attend to these today. Be a bit selfish if you have to. Make sure you attend to your own needs.
