Verse of the Day

Listen, I tell you a mystery: We will not all sleep, but we will all be changed — in a flash, in the twinkling of an eye, at the last trumpet. For the trumpet will sound, the dead will be raised imperishable, and we will be changed.

For the perishable must clothe itself with the imperishable, and the mortal with immortality.

fender conditions during his supervised release.

The defendant sexually abused his 9-month-old biological daughter, created digital videos of the abuse, and traded several of the images with someone he met in an online room dedicated to sexually abusing animals. The person with whom the defendant swapped images was located here in the Eastern District of Tennessee.

"The US Attorney's Office, along with its law enforcement partners, is committed to apprehending child sex predators wherever they operate. Today's sentence sends a strong message to sexual predators and demonstrates our commitment to protecting the community's most vulnerable victims," said Acting United States Attorney Francis M. Hamilton III.

"Each year, millions of children fall prey to sexual predators," said Homeland Security Investigation ("HSI") Nashville Special Agent in Charge Jerry C. Templet, Jr. "HSI agents make it a top priority to protect vulnerable children from victimization by working with their law enforcement partners to investigate predators involved with the production, distribution and possession of child sexual abuse material and ensure they are held accountable for their heinous actions. I commend our agents for their tireless efforts in this case, which resulted in a guilty plea and a lengthy federal prison sentence for the offender."

The criminal indictment was the result of an investigation by the Hamilton County Sheriff's Office ("HCSO"), HSI, and the

North Carolina State Bureau of Investigation ("NC SBI"). This investigation was led by Task Force Officer Ed Merritt and Special Agent Dave Nalley of HSI and Special Agent Chris Munden of the NC SBI.

Assistant United States Attorney James T. Brooks represented the United States.

This case was brought as part of Project Safe Childhood (PSC), a nationwide initiative launched in May 2006, by the Department of Justice to combat the growing epidemic of child sexual exploitation and abuse. Led by the United States Attorney's Offices and the Criminal Division's Child Exploitation and Obscenity Section, PSC marshals federal, state, and local resources to locate, apprehend, and prosecute individuals who sexually exploit children,

and to identify and rescue victims. For more information about PSC, please visit www.justice.gov/psc.

Guard

Retired from the Air Force, now a member and recruiter for the 4th Regiment, State Guard; Master Sergeant Vicki Patterson was named the 4th Regiment, Tennessee State Guard's 2020 Soldier of the Year. She recently provided members of American Legion Post 256 with an informative briefing of the Tennessee State Guard's mission and responsibilities. She explained the purpose of the State Guard is to provide a professional complement of personnel to support the State mission of the Tennessee National Guard by assisting as a force multiplier and at the direction of the State Adjutant General to assist civil authorities and disaster relief, humanitarian causes, ceremonial service, religious and medical support for the well-being and safety of the citizenry of Tennessee. She further explained the Tennessee State Guard (TNSG) is an all-volunteer organization tasked with supplementing the forces of the Tennessee Army National Guard and/

or Air National Guard upon the order of the Governor. While its primary mission is to assist in coping with any man-made or natural disaster, the TNSG trains to be ready to meet any assignment. MSG Patterson stated the State Guard is recruiting volunteers. To check out the requirements to join or to get further information you can go to www.join.tnsg.org or contact a Chattanooga area recruiter at tnsg.4th.recruiter@tnstateguard.org and for additional information about the American Legion visit the Post 256 website: www.tellicolakepost256.org.

InfraGard Marks 25 Years Protecting the Country's Critical Infrastructure Through Partnerships

In 1996, a small group of private sector and government officials began working with the FBI's Cleveland Field Office to help identify cyber threats to the country. The FBI passed along what we knew about cyber intrusions and crime trends to our

partners to help them secure their facilities and computer networks. And our partners, in turn, shared their information technology expertise and information they had on possible cyber crimes.

The group became known as InfraGard because of its focus on protecting critical infrastructure components—like utility companies, transportation systems, telecommunication networks, water and food suppliers, public health, and financial services.

The original program proved so successful that we replicated it nationally. And just as the cyber threat has evolved over the last 25 years, so has InfraGard.

Today, InfraGard—managed by the FBI's Office of

Private Sector—has grown to more than 75,000 members representing the private sector, government, and academia. InfraGard has expanded its initial focus on cyber crime to include terrorism, intelligence, criminal, and security matters.

So while the threat is more complex today, the mission remains the same. InfraGard helps the FBI protect the country's critical infrastructure sectors through partnerships.

InfraGard participants share information, intelligence, training, best practices, and more through a member website and through more than 70 regional chapters, each having a relationship with a local FBI field office.

dysfunction. Get outside and go for a walk or jog in the park. This will get the endorphins going and wipe away the memory of how you felt earlier. Have fun!

Gemini 5/21-6/20

A family member may be absent without explanation, Gemini. This might worry everyone, and not without reason. It's best to stay calm and phone friends, colleagues, and anyone who might know where this person is. All is probably well. Your family member has probably been preoccupied and neglected to let anyone at home know what's going on. Hang in there!

Cancer 6/21-7/22

A sibling or neighbor might not feel very communicative, Cancer. It may seem that this person isn't behaving in their normal, friendly manner, but isn't sharing why. Give him or her a break. There may have been some upsetting news that your friend can't stop thinking about. By tomorrow they should be on the way back to their usual self. Be patient!

Leo 7/23-8/22

Are you working on a project that requires a little ingenuity? If so, today you may draw a blank. No matter how hard you think about it, you can't come up with a good way to proceed. Perhaps it would be best to put it away and do something else for a while. Trying to force the issue will only reinforce the mental blocks. Relax and let it come naturally in its own time.

Virgo 8/23-9/22

Your intuition is operating at a very high level, Virgo, except where your family is concerned! No matter how hard you try, you can't seem to make sense of anything anyone says, let alone does. Don't make yourself crazy over it. Ask for explanations, then barring anything destructive or nasty, let them go their own way. Sometimes people just have to learn through their own experiences.

Libra 9/23-10/22

Telepathic messages you get from a friend or relative could seem confused and garbled, Libra. This might bother you, especially if the person is normally practical and rational. We all have bad days. Try to observe their behavior and see if there are any warning signs of inner or outer crisis. If not, you may have to just let them be. You can't force another to ask for assistance.

Scorpio 10/23-11/21

Are you upset over money, Scorpio? Try to be rational. Your concerns are probably far more

negative than the reality of the situation. Be objective and go over your budget to learn the facts. By the time you cover everything, you should be more than relieved. It's nothing you can't handle easily. Put it behind you for now and go out with some friends.

Sagittarius 11/22-12/21

Some news about a major event could unsettle and confuse you, Sagittarius. There could be contradictory reports, and commentators may confound the issue even more. You're primarily concerned about how this will affect you. The answer is probably very little. The media are apt to blow it out of proportion because it's newsworthy. The truth will come out in a few days. Hang in there!

Capricorn 12/22-01/19

Spiritual studies might seem fascinating and confusing, Capricorn. Are you reading a book whose author isn't clear? Perhaps this isn't the best work to bring you the information you seek. Ask friends to recommend better books. Make a trip to the library. See what's available online. There's no need to try to make sense of something that's confusing to begin with.

Aquarius 1/20-2/18

Your intuition may guide you in a direction that seems at odds with what logic and practicality tell you, Aquarius. This could put you in a quandary. Should you try to be practical or should you follow your heart? Don't make the decision today. Ask friends for advice if you like, but wait a few days before making any irrevocable choice. The uncertainty should clear up before long.

Pisces 2/19-3/20

Family problems may have a friend or love partner feeling unsettled and helpless, Pisces. This person could have a few communication problems, especially if fineness is required. Don't get sucked into the situation. Just point out the facts and encourage your friend to consider every factor on its own merits. While you do this, you might have some insights into a problem of your own.

Aries 3/21-4/19

Has someone given you a chore to do and then taken off without giving you any instructions? It's no wonder you feel confused and frustrated! If there is no manual, and if no one else knows what's up, don't feel bad about letting it go until you're given proper coaching. It's more prudent to wait than do it wrong and have to do it again. Better safe than sorry.
