FBI Releases the Internet Crime Complaint Center 2020 Internet Crime Report, Including COVID-19 Scam Statistics

The FBI's Internet Crime Complaint Center has released its annual report. The 2020 Internet Crime Report includes information from 791,790 complaints of suspected internet crime—an increase of more than 300,000 complaints from 2019—and reported losses exceeding \$4.2 billion. State-specific statistics have also been

released and can be found within the 2020 Internet Crime Report and in the accompanying 2020 State Reports.

The top three crimes reported by victims in 2020 were phishing scams, non-payment/non-delivery scams, and extortion. Victims lost the most money to business email compromise scams,

romance and confidence schemes, and investment fraud. Notably, 2020 saw the emergence of scams exploiting the COVID-19 pandemic. The IC3 received over 28,500 complaints related to COVID-19, with fraudsters targeting both businesses and individuals.

Stop

Crystal Clancy, 33, Steekee Road Loudon, was charged with Man/Sell/Del/Resale Sch. II, Simple Possession, Poss. Of Legend Drug, and Driving on Revoked/Suspended License.

Deputy S. Gaumer LCSO, was on routine patrol within Loudon County when Deputy found a vehicle stuck on the railroad tracks on Morton Road, near Martel Road.

As Deputy pulled up to the vehicle, he noticed that the bottom was stuck squarely on the railroad tracks and that there was a woman that exited the vehicle.

Deputy found that woman to be Crystal Clancy, the offender. She was very excited and repeating "I was just following Google Maps" over and over again. Deputy had her exit the area of

the car and step back to my vehicle. She kept repeating following Google Maps and that she was on her way to her friends house on Martel Road. While talking with her, she was having a difficult time standing still and answering my questions. Deputy asked Ms. Clancy if he could search her vehicle, and she said yes. Deputy opened the drivers side door and a small, plastic bag dropped out of the car and at his feet.

Deputy picked it up and noticed a small amount of white, powdery substance in the bag. From his training and experience, Deputy believed this to be methamphetamine. While searching the vehicle, dispatch informed Deputy that Ms. Clancy's drivers license was currently revoked. During his search, Deputy located

a small plastic bag that appeared to have the corner ripped off. The bag material appeared to match the same bag material that the white, powdery substance was located in.

After completing his search, Deputy walked back to his vehicle and placed Ms. Clancy under arrest for driving on revoked and possession of methamphetamine.

After placing her in custody, Deputy found a THC cartridge in her right front pocket. Deputy also located (2) trazadone pills in her purse that were not prescribed to her. Deputy transported her to the Loudon County jail without incident. Her vehicle was towed from the scene by Malone's Towing. All occurred in Loudon County, TN.

FBI

In addition to statistics, the IC3's 2020 Internet Crime Report contains information about the most prevalent internet scams affecting the public and offers guidance for prevention and protection. It also highlights the FBI's work combating internet crime, including recent case examples. Finally, the 2020 Internet Crime Report explains the IC3, its mission, and functions.

The IC3 gives the public a reliable and convenient mechanism to report suspected internet crime to the FBI. The FBI analyzes and shares information from submitted complaints for investigative and intelligence purposes, for law enforcement, and for public awareness.

With the release of the 2020 Internet Crime Report, the FBI wants to remind the public to immediately report suspected criminal internet

activity to the IC3 at ic3.gov. By reporting internet crime, victims are not only alerting law enforcement to the activity, but aiding in the overall fight against cybercrime.

Hamblen County Man Convicted Of Drug And Firearm Charges

On March 19, 2021, a federal jury convicted, Lynn Richard Norton, 61, of Morristown, Tennessee, of conspiracy to distribute more than 50 grams of methamphetamine, distribution of methamphetamine, and possession of a firearm by a convicted felon. As a result of the convictions, the defendant faces a prison sentence of 15 years up to life. The Honorable J. Ronnie Greer, United States District Judge, presided over the trial. Sentencing is scheduled for September 13, 2021.

Beginning in early 2019, according to evidence presented at trial, Norton conspired to distribute more than 50 grams of methamphetamine with James Ward,

another defendant who pled guilty to the charge and who testified against Norton. Ward testified he supplied Norton with two to four ounces of methamphetamine per week, and on two occasions, Norton sold Ward methamphetamine. On April 8, 2019, Norton also sold methamphetamine and a Bryco Arms 9 mm pistol to a confidential informant who was working with the Hamblen County Sheriff's Office. Norton has a number of prior felony convictions, including convictions for drug dealing, aggravated assault, and escape. Based on his record, Norton is considered an armed career criminal under federal law and therefore faces a sentence of 15 years to life.

This was the first federal criminal jury trial completed in Greenville in the Eastern District of Tennessee since the expiration of the Court's standing order suspending jury trials due to the COVID-19 pandemic.

Investigating agencies included the Hamblen County Sheriff's

Office, the Johnson City Police Department, the Tennessee Bureau of Investigation, the Federal Bureau of Investigation, and the Drug Enforcement Administration.

Assistant U.S. Attorneys Emily Swecker and Mac Heavener represented the United States in court.

This case was part of the High Intensity Drug Trafficking Areas (HIDTA) program. The HIDTA program enhances and coordinates drug control efforts among local, state, and federal law enforcement agencies. The program provides agencies with coordination, equipment, technology, and additional resources to combat drug trafficking and its harmful consequences in critical regions of the United States. The program began in 1988 when Congress authorized the Director of The Office of National Drug Control Policy designate areas within the United States that exhibit serious drug trafficking problems and harmfully impact other areas of the country as HIDTAs.

Horoscopes

that there are some things in life that occur without a specific logical explanation. More than likely these are the most interesting events and experiences that add the most spice to your routine existence. Embrace the unknown and encourage more spontaneity and playfulness in your world.

Taurus 4/20-5/20

In order to reach your destination, you may have to take an unusual route today, Taurus. Zigzag your way to the finish line. Don't automatically assume that this is a bad thing. You may find that this is the preferred path. You're likely to experience many side adventures and make some wonderful discoveries. Try to remember how you got there so you can find these spots again.

Gemini 5/21-6/20

Get out of the doldrums and enjoy life, Gemini. The situation is such that if you remain stagnant for a little while, you will soon sink into a spiral of depression and downward thinking. If you stay afloat and focused on your dreams, you will remain active in your pursuit of all your life's goals. You will have the power of the Universe behind you, supporting you all the way.

Cancer 6/21-7/22

This morning is your time to shine, Cancer. You should be in a good mood, with a positive outlook that helps you attack the day's tasks with vitality. Elements of the unexpected may pop up and remind you that things don't always go according to plan. This should be fine, however. You will find that your easygoing approach to life will come in handy when the scheduled route doesn't work.

Leo 7/23-8/22

You may get a bit frustrated in the morning because of a lack of commitment on the part of others, Leo. You may find it hard to pin down an answer when everything seems to be up in the air. The good news is that things should run much more smoothly by this evening and well into tonight. Note a major boost in emotional self-confidence now. After dark is definitely your time to shine.

Virgo 8/23-9/22

The energy you put out today will most definitely fuel the fire, Virgo, so make sure you have an extinguisher within reach. There's a spark of excitement in the air indicating that something new and different is coming around the bend. You may feel anxiety building up. Be patient and you will find that good things naturally come your way.

Libra 9/23-10/22

You may feel indecisive today, Libra, especially in the morning. Other people's actions may confuse you. Don't worry. Concentrate on your projects and goals. Other people can take care of themselves. Don't feel like you need to make sure everyone is attended to before you start your day. In fact, you may be the one who needs to be cared for by others. Ask for a shoulder to lean on if you need it.

Scorpio 10/23-11/21

Emotionally, you should be feeling quite good today, Scorpio. This is important since you may get thrown off balance by a strange, unexpected force. The more stable you are on the inside, the less disruption this foreign energy will cause. Keep in mind that unexpected things usually happen for a reason. There might be a key opportunity waiting for you now.

Sagittarius 11/22-12/21

Free your mind and consider alternative options, Sagittarius. This is a time to throw away the old to make room for the new. There's a distinct advance in original and forward thinking today. You should make it a point to go to higher levels of thought now. The more idealistic in your approach to people and situations, the better off you will be.

Capricorn 12/22-01/19

You might find your energy comes in strong, erratic bursts today, Capricorn. Don't be surprised if you're high as a kite one moment and down in the dumps the next. Even if you're driving everyone crazy with your yo-yo behavior, don't let this stop you from keeping on in this fashion. You're probably able to keep very good track of the dozens of things going on around you.

Aquarius 1/20-2/18

You may feel a tendency to do things the same old way today simply because it's what feels most comfortable, Aquarius. Even though the familiar route may be tempting now, it's actually better if you seek a different way to go. Things may feel chaotic, especially in the morning and early afternoon. Still, don't automatically resist things that are new and different.

Pisces 2/19-3/20

An extra log has been thrown on your fire today, Pisces, so don't be surprised if you burn especially hot. Use your internal furnace to make some breakthroughs and bring matters to a higher level. Turn up the intensity on certain issues that require more life. You will bring a great deal of positive energy to just about everything you touch, so use it wisely.
