Martin Calderon, 19, River Bend Road Loudon, was charged with Driving on Revoked /Suspended License, Man/Sell/Del/Resale, and Pos. of Drug Para.

Deputy Bengel LCSO, was advised by Deputy Swinney that there was a white Mazda Miata with teal wheels about to pass him on Hwy 321 in front of Stoney's. Deputy observed the described vehicle pass him and Deputy Swinney told me that the male (later identified as Martin Calderon) was driving without a valid license. Deputy Swinney had prior call history with Calderon

and knew him to not be valid. Deputy turned around on the Miata and when Deputy caught up he pulled onto Hillview Dr. from Kingston St where Deputy traffic stopped him. Deputy approached the vehicle and could smell a strong odor of raw marijuana coming from the car. Deputy spoke with Calderon and told him that he was being pulled over for driving without a license. Calderon admitted he did not have a license. Calderon was asked out of the vehicle. Deputy asked Calderon how much Marijuana was in the car. Calderon thought for a minute and stated that he had a decent amount in the

car. Calderon gave him his ID only and Deputy verified through dispatch he was suspended. Deputy Swinney arrived on the scene and Calderon consented to a search of the vehicle. Deputy located 3 bags of Marijuana in the passenger seat that were wrapped in a blue bandanna. Also in the seat, Deputy located a THC vape pen, a box of 9mm ammunition, and a Pro Mag magazine that was partially loaded. Deputy lo-

cated 3 more bags of Marijuana in the center console (the total weight of all Marijuana is 172.6 GMs). Sgt. Jenkins 904 and Stanley arrived on the scene. Calderon was taken into custody and transported to the Loudon County Jail. Calderon is being charged with Man, Sell, Del Sch VI, Possession of Drug Paraphernalia, and Driving on a Suspended License. Said events did occur in Loudon County, TN.

CDC

inequities. It will assist health-care personnel to prevent infections more effectively in healthcare settings, support rapid response to detect and contain infectious organisms, enhance laboratory capacity, and engage in innovation targeted at combating infectious disease threats. Improvements in infection prevention will span the healthcare continuum, including 6,000 hospitals, 15,400 nursing homes and other long-term care facilities, 7,900 dialysis clinics, and 4,700 ambulatory surgery centers, and will extend to other outpatient settings.

"This funding will dramatically improve the safety and quality of the healthcare delivered in the United States during the pandemic and in the future," said CDC Director Rochelle P. Walensky, M.D., M.P.H. "Funding will provide

significant resources to our public health departments and healthcare systems and opportunities to develop innovative strategies to protect every segment of the U.S. population, especially those disproportionately affected by the pandemic, at a time that they are hit hard."

Additionally, these investments will help address the rise of healthcare-associated infections, which increased as U.S. hospitals were inundated by COVID-19—reversing national progress seen prior to the pandemic.

Over the next 3 years, CDC will issue \$1.25 billion of the total to 64 state, local, and territorial health departments to support this work. Initial awards totaling \$885 million will be made in October 2021 to these jurisdictional health departments. CDC will use the majority of this initial

funding in October, \$500 million, to support a new force in the fight against COVID-19 to protect our most disproportionately affected population:

State-based nursing home and long-term care strike teams. This funding from CDC, in partnership with the Centers for Medicare & Medicaid Services (CMS), will allow state and other jurisdictional health departments to staff, train, and deploy strike teams to assist skilled nursing facilities, nursing homes, and other long-term care facilities with known or suspected COVID-19 outbreaks. The strike teams will allow jurisdictions to provide surge capacity to facilities for clinical services; address staffing shortages at facilities; and strengthen infection prevention and control (IPC) activities to prevent, detect, and contain outbreaks, including

support for COVID-19 vaccine boosters.

The remaining \$385 million to be awarded in October 2021 will go to state, local, and territorial health departments to strengthen five critical areas:

Strengthening state capacity to prevent, detect, and contain infectious disease threats across healthcare settings: CDC will provide significant infection prevention and control assistance to public health departments to work with healthcare facilities to improve the quality of healthcare; strengthen interventions for the prevention and containment of infectious diseases to minimize the spread of infection in a variety of healthcare settings; identify, address, and monitor healthcare-related disparities and health equity; and increase capacity to investigate outbreaks of healthcare-associated infections.

people, keep your communication clear and concise. There's room for misunderstanding, which could result in a major blowup over a minor event. It simply isn't worth the trouble being with people today. Seclusion is the only place where you'll find peace.

Libra 9/23-10/22

You're ready for a change, Libra, there's no doubt about it. As you grow older your interests broaden, and you're considering pursuing some of these new interests in earnest. Perhaps school beckons, or some adult education courses. You're ready to make a new place for yourself in the world. Go ahead and get started!

Scorpio 10/23-11/21

You've never looked better, Scorpio. Your partner notices, too, and showers you with extra affection and perhaps even an unexpected gift. This should put a smile on your face! At work, you may be given responsibilities beyond your usual job. Take care to do this special assignment well. If you do, other advancements are likely to follow.

Sagittarius 11/22-12/21

Sometimes a little indulgence has value far beyond its price, Sagittarius. A bubble bath in the middle of the day, a luxurious hour spent browsing in a bookstore, a special outfit you've wanted for a long time - these are a few of the ways you could perk up your spir-

its. Why not? You could use a boost.

Capricorn 12/22-01/19

You feel as though you've turned a financial and professional corner, Capricorn. Recent accomplishments have you feeling energized and on top of the world! You exude confidence. It's a good feeling, isn't it? Members of the opposite sex are especially attracted to you right now. And who could blame them? You're looking great!

Aquarius 1/20-2/18

Who knew you were so talented, Aquarius? A creation done long ago suddenly takes on a life of its own. A short story written and submitted long ago is pulled from the bottom of the slush pile. Or a portrait you painted gets a second admiring look. Whatever the circumstances, you enjoy the recognition. Your work isn't the only thing receiving admiring glances. Your partner appreciates you, too!

Pisces 2/19-3/20

Loving care is prescribed for someone in your family, Pisces. Offer a bowl of soup and some tea, but beyond that try and stay out of the way. Sometimes uninterrupted quiet is the best cure of all. You could use a bit of this yourself. Why not curl up with a good book? Even if it's the middle of the day, draw the shades and pretend it's night.

Aries 3/21-4/19

There's tension in the air, Aries, but there's little you can do

about it. The harsh atmosphere is in stark contrast to the frivolity you felt over the last several days. It seems you received some good news. Perhaps you were finally recognized for your hard work? Don't brag about your accomplishments. It would only exacerbate the situation. Be patient. Avoid confrontation.

Taurus 4/20-5/20

You might be in a financial jam right now, Taurus. The stress of the situation has you considering some radical solutions. Would it really benefit your family if you took a second job? Confide in a friend and see if he or she can help you find a more agreeable solution. Perhaps a relative could give you a low-interest loan.

Gemini 5/21-6/20

Don't spread the good news too quickly, Gemini. As exciting as it is, nothing is confirmed yet. Keep the information under your hat until plane reservations have been made

or you have the job offer in writing. Whatever the good news is, it's exactly what the doctor prescribed to give your self-confidence a boost.

Cancer 6/21-7/22

If you receive a financial windfall, spend it wisely, Cancer. Your tendency might be to buy gifts or treat a crowd to a lavish night on the town. But where is the enduring value? Invested carefully, a small chunk of money can grow into a much larger one, which will give you many more options. Be prudent.

Leo 7/23-8/22

You're energetic and enthusiastic today, Leo, and those around you respond favorably. It seems everyone wants to be in your orbit. Work at home and the office goes quickly and smoothly. Because you have so much energy, why not take on a new project? Normally this would send you over the edge, but today you feel you could take on anything. Go for it.
