## TB is Still Here – New CDC Data Show U.S. Cases Increased Again in 2022

Preliminary TB data released by CDC ahead of World TB Day show that the number of U.S. TB disease cases increased 5% in 2022 to 8,300 cases. CDC is calling on healthcare providers and communities disproportionately affected by TB to Think. Test. Treat TB.

TB disease cases in 2022 increased but did not return to

pre-pandemic levels. Some public health officials were concerned about delayed or missed diagnoses of TB disease in 2020, following a substantial 20% decline that year. Now, two years later, CDC data signal a rebound in cases and show considerable increases among some groups, including:

Children aged 4 and under: cases in this age

group are particularly concerning because they usually result from recent transmission versus reactivation of long-standing latent TB infection.

People who are incarcerated: highlighting the importance of entry and annual screening and prompt evaluation of people

Jody Fawley, 55, Brittany Lane Lenoir City, was charged with, Driving on Roadways Laned for Traffic, Poss. Of Drug Para, and Mfg/Del/Sale or Poss. Of Meth.

Sgt. Rogers LCSO, observed a dark older model Ford truck in the right turn lane on Hwy 70 at the intersection of Hwy 321. While at the intersection the driver then traveled from the far-right lane to the far-left lane and turned left onto Hwy 321. Deputy initiated a traffic stop in the area of Williams Ferry Rd and Echo Hollow

Rd. While exiting his vehicle Deputy noted the driver was being very suspicious by fully turning around in his seat attempting to see me approach. Deputy then gave the driver verbal commands to exit his vehicle and walk back towards the patrol unit. The driver, Mr. Jody Fawley did so, but kept his distance and stated Deputy could not pat him down. After briefly speaking with Mr. Fawley, he consented to let the Deputy pat him down for weapons at which time the Deputy felt an object in his left jacket pocket that was consistent with a pipe used to smoke narcot-

ics. When asked, Mr. Fawley originally stated it was a piece of glass and then stated that it was his friend's meth pipe. Mr. Fawley retrieved the meth pipe and placed it on the patrol hood. After a probable cause search of Mr. Fawley, Deputy recovered a baggie in his watch pocket with 1.7 grams of meth. While placing Mr. Fawley in custody it was discovered that Mr. Fawley was clinch-

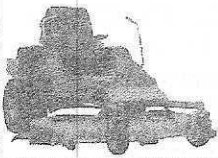

ing a silver pill container that held 4.0 grams of meth. Mr. Fawley stated the meth was his friend's and that he was taking it to him. Deputy also recovered a narcotics scale in Mr. Fawley's shirt pocket. Mr. Fawley was transported to the Loudon County Jail and charged with Manufacture of Meth, Possession of Drug Paraphernalia and Driving on Roadways Laned for Traffic.

Mauricio Kanneh, 22, Wainwright Road Oak Ridge, was charged with, Man/Sell/Del/Resale Sch. VI.

Officer R. Miller, with the Lenoir City Police Department, was conducting a patrol in the area of Highway 321 near Interstate 75 in Lenoir City, TN. During patrol duties Officer observed

a gray in color Nissan sedan traveling south on Highway 321. While observing the vehicle Officer noticed that the driver was not wearing a seatbelt while operating the motor vehicle on a public roadway. As the Officer was approaching the Nissan sedan in his marked police cruiser to attempt a traffic stop the Nissan sedan made an abrupt turn from stand-

still traffic on Highway 321 to the parking lot of Buddy's BBQ in Lenoir City where the Officer then conducted a traffic stop.

Upon the Officer approach to the vehicle, he noticed a strong odor of raw marijuana emitting from the inside of the vehicle. The Officer was then able to make contact with the only occupant of the vehicle, Mauricio Kanneh, who was the driver and registered owner. While speaking with KANNEH in regards to the traffic stop the Officer noticed that he was sweating profusely and was visibly shaking in all of his extremities.

KANNEH stated during the traffic stop that he was currently on state probation out of Anderson County, TN for a marijuana charge where he stated that he was caught with a half-pound of mari-

juana. Officer then asked KANNEH to step out of the vehicle to speak with him about a citation. During that time an assisting officer arrived on scene where the Officer explained to KANNEH that he noticed a strong odor of marijuana emitting from the inside of his vehicle and that a probable cause search would be conducted of the entire vehicle.

During a subsequent search of the vehicle, the Officer was able to recover (2) sandwich bags containing a green leafy substance believed to be marijuana located inside of a blue lunch box that was located in the passenger's side floor board of the vehicle. The (2) bags containing the green leafy substance were weighed together (43.98 grams). KANNEH was placed under arrest.

CDC with TB symptoms in a setting that increases the risk for outbreaks.

People from some racial and ethnic groups: underscoring the importance of increasing TB prevention services in communities at risk for TB.

Fortunately, recent TB innovations mean treatment is less burdensome and more accessible.

Shorter treatment regimens help patients finish

treatment faster. Innovations such as CDC-recommended video-directly observed therapy (vDOT) can conserve time and costs for some patients and TB programs.

Please attribute the following quote to Philip LoBue, MD, FACP, FCCP, Director of CDC's Division of Tuberculosis Elimination

"The message is loud and clear – TB is still here. For the second year in a row, TB disease cases in the U.S.

have continued to rise, with concerning increases among young children and other groups at increased risk for TB disease. Communities, providers, and public health partners must work together to make sure we are reaching the right people with testing and treatment, so we can prevent and stop the spread of TB."

U.S. DEPARTMENT OF HEALTH AND HUMAN

SERVICES CDC works 24/7 protecting America's health, safety and security. Whether diseases start at home or abroad, are curable or preventable, chronic or acute, or from human activity or deliberate attack, CDC responds to America's most pressing health threats. ## Horoscopes

that this is the preferred path. You're likely to experience many side adventures and make some wonderful discoveries. Try to remember how you got there so you can find these spots again.

**Taurus 4/20-5/20**

Get out of the doldrums and enjoy life, Taurus. The situation is such that if you remain stagnant for a little while, you will soon sink into a spiral of depression and downward thinking. If you stay afloat and focused on your dreams, you will remain active in your pursuit of all your life's goals. You will have the power of the Universe behind you, supporting you all the way.

**Gemini 5/21-6/20**

This morning is your time to shine, Gemini. You should be in a good mood, with a positive outlook that helps you attack the day's tasks with vitality. Elements of the unexpected may pop up and remind you that things don't always go according to plan. This should be fine, however. You will find that your easygoing approach to life will come in handy when the scheduled route doesn't work.

**Cancer 6/21-7/22**

You may get a bit frustrated in the morning because of a lack of commitment on the part of others, Cancer. You may find it hard to pin down an answer when everything seems to be up in the air. The good news is that things should run much more smoothly by this evening and well into tonight. Note a major boost in emotional self-confidence now. After dark is definitely your time to shine.

**Leo 7/23-8/22**

The energy you put out today will most definitely fuel the fire, Leo, so make sure you have an extinguisher within reach. There's a spark of excitement in the air indicating that something new and different is coming around the bend. You may feel anxiety building up. Be patient and you will find that good things naturally come your way.

**Virgo 8/23-9/22**

You may feel indecisive today, Virgo, especially in the morning. Other people's actions may confuse you. Don't worry. Concentrate on your projects and goals. Other people can take care of themselves. Don't feel like you need to make sure everyone is attended to before you start your day. In fact, you may be the one who needs to be cared for by others. Ask for a shoulder to lean on if you need it.

**Libra 9/23-10/22**

Emotionally, you should be feeling quite good today, Libra. This is important since you may get thrown off balance by a strange, unexpected force. The more stable you are on the inside, the less disruption this foreign energy will cause. Keep in mind that unexpected things usually happen for a reason. There might be a key opportunity waiting for you now.

**Scorpio 10/23-11/21**

Free your mind and consider alternative options, Scorpio. This is a time to throw away the old to make room for the new. There's a distinct advance in original and forward thinking today. You should make it a point to go to higher levels of thought now. The more idealistic in your approach to people and situations, the better off you will be.

**Sagittarius 11/22-12/21**

You might find your energy comes in strong, erratic bursts today, Sagittarius. Don't be surprised if you're high as a kite one moment and down in the dumps the next. Even if you're driving everyone crazy with your yo-yo behavior, don't let this stop you from keeping on in this fashion. You're probably able to keep very good track of the dozens of things going on

around you.

**Capricorn 12/22-01/19**

You may feel a tendency to do things the same old way today simply because it's what feels most comfortable, Capricorn. Even though the familiar route may be tempting now, it's actually better if you seek a different way to go. Things may feel chaotic, especially in the morning and early afternoon. Still, don't automatically resist things that are new and different.

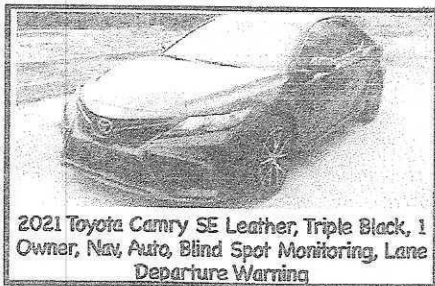

**Aquarius 1/20-2/18**

An extra log has been thrown on your fire today, Aquarius, so don't be surprised if you burn especially hot. Use your internal furnace to make some breakthroughs and bring matters to a higher level. Turn up the intensity on certain issues that require more life. You will bring a great deal of positive energy to just about everything you touch, so use it wisely.

**Pisces 2/19-3/20**

Don't feel like you have to rationalize everything, Pisces. Accept the fact that there are some things in life that occur without a specific logical explanation. More than likely these are the most interesting events and experiences that add the most spice to your routine existence. Embrace the unknown and encourage more spontaneity and playfulness in your world.
