Williams

explicit conduct. The conduct occurred at Williams's apartment in Johnson City. The evidence showed that Williams sexually assaulted each of the victims' mothers while they were unconscious, around the same time that he took pornographic photos of their children. The criminal conduct extended over a 12-year period. Williams took photos of the first victim in 2008 and the two other victims on separate occasions in

2020. Williams was arrested in 2023 near the campus of Western Carolina University and campus police officers seized flash drives from his car that were later found to contain the photos.

"Sean Williams is a dangerous sexual predator who preyed on our community's most vulnerable victims," said United States Attorney Francis M. Hamilton III. "Today's sentence reflects the severity of the crimes committed and not only ensures that this dangerous individual has

been held accountable for the harm he caused, but also prevents him from hurting others again. We thank the dedicated law enforcement officers whose efforts made the convictions and sentence possible."

"Our children are among the most vulnerable members of our community," said Special Agent in Charge Joseph E. Carrico of the Federal Bureau of Investigation (FBI) Nashville Field Office. "The FBI will continue to do everything in its power to stop sexual exploitation of children that causes irreparable harm and trauma to the victims and bring to justice those responsible."

"This case shows the impact of collaboration and determination by the Tennessee Bureau of Investigation and our local, state, and federal partners to hold accountable an individual who preyed upon innocent children," said

TBI Director David Rausch. "We hope the outcome of this investigation sends a clear message that we will continue to commit all the necessary resources to find and apprehend those who victimize our most vulnerable residents."

Law enforcement agencies either participating in a joint investigation, or cooperating in a parallel investigation, which led to the apprehension, indictment and subsequent conviction of Williams included the FBI, the United States Marshal Service, Homeland Security Investigations, the First Judicial District Attorney's Office, the Tennessee Bureau of Investigation, and the Western North Carolina Police Department.

Assistant U.S. Attorneys Meghan L. Gomez, Emily M. Swecker, and J. Gregory Bowman represented the United States at the trials.

Horoscopes

this today?

Aries 3/21-4/19

Today may bring up strong feelings, Aries. This may not be new, as you have a tendency to feel things deeply. But it may be a bit tough to find a way to express this. While you're creative, finding the right activity to get you going isn't always easy. Why not visit a bookstore and look for some appealing craft books or art materials?

Taurus 4/20-5/20

Today, Taurus, consider that artistic expression can happen in many ways. It isn't always about drawing a picture, singing a song, playing music, or acting. The way that you arrange your home or workspace is an artistic expression.

Gemini 5/21-6/20

You may find that today brings great physical strength and energy to you, Gemini. Given this, you may really want to do some tough, challenging physical work. This is certainly the day

for it, so why not go for it?

Cancer 6/21-7/22

Cancer, it's prime time to get busy. Activities that require focus or creativity will be supported. Physical strength and energy will encourage you to do something active. If you've felt sluggish, tired, or a little under the weather, today's planetary aspect can put an end to that.

Leo 7/23-8/22

Your active side may show through today, Leo. While you can be extremely focused on brainwork, you also love to keep active and do physical work. When you have a project like cleaning your home, you can be very fast and efficient when you want to. This is a good day to get a lot accomplished.

Virgo 8/23-9/22

If you've been feeling tired or sick lately, this will probably turn around for you, Virgo. You may often experience moodiness, and this can be a real drain. Your emotional state can affect how your body feels. Be sure to take care of your feelings

as well as your body.

Libra 9/23-10/22

You will probably be very busy today, Libra, which may suit you just fine. This can work in your favor if you have some work to catch up on. Being active and getting things done will be natural for you. In fact, when you have to sit for too long, you probably feel restless or anxious.

Scorpio 10/23-11/21

Today, Scorpio, your ability to stand up for your decisions and not let others sway you may be enhanced. This will be especially true if you've arrived at a resolution that solves a problem. Others may often try to change your decisions. Maybe this is because they succeed, but not today.

Sagittarius 11/22-12/21

You may feel a real need to get moving today, Sagittarius. Almost everyone prefers quiet activities, books, art, and even just sitting around to physical activity at times. But your health can suffer if you aren't active, Fresh

air, exercise, and sunshine are vital to your well-being.

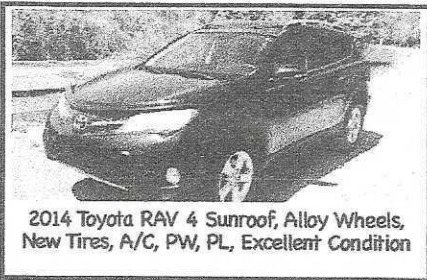

Capricorn 12/22-01/19

Today, Capricorn, you will probably have a ton of energy at your disposal for getting into all kinds of activities. Finish any work that still needs to be completed. Do some cleaning and organizing or see about getting out for a little warm weather fun. Whatever you choose, try to make sure it's active. You will need a place for all that energy to go. Quiet sedentary pursuits won't do it for you.

Aquarius 1/20-2/18

This is an excellent day to express your natural creativity, Aquarius. The arts will likely be very important to you. You may find that nothing brings you more pleasure on days like this. Consider putting this to good use by painting, sculpting, doing crafts, or whatever you like. You will find that engaging in creative activities with a focus on giving may be the perfect thing for you.
