## Fire

paid by county residents.

Investigators determined that employees collected cash payments from customers and issued prenumbered receipts; however, these transactions were not recorded in the district's accounting

system or deposited. In some cases, annual charges for customers were deleted from the accounting system, meaning those customers may not have received notices of delinquent payments and were potentially left without fire coverage.

The district used one shared cash drawer, and employees also shared usernames and passwords to the district's accounting system. These conditions made it impossible to determine which employee or employees were responsible for the missing money.

er. "When multiple employees share login credentials and a single cash drawer, it becomes much harder to identify who is responsible when money goes missing."

The results of this investigation have been communicated to the Office of the District Attorney General of the 5th Judicial District.

## Horoscopes

you decide to go into business for yourself. Whatever it is, you're bound to succeed.

**Taurus 4/20-5/20**

You have a quick mind, Taurus, which you don't use to anywhere near its full capacity. Think of your brain as a thoroughbred horse, trained to run at high speed. This type of animal is miserable if kept penned up, unable to run and stretch.

**Gemini 5/21-6/20**

A day off is just what the doctor ordered, Gemini. Try to get some rest. Spend time curled up with a good book. Only go out with friends if you're feeling absolutely stir crazy. You should do no work. Your body and spirit crave a break.

**Cancer 6/21-7/22**

With today's planetary energies, Cancer, you can expect a lot of contact with friends. In fact, just when you thought you'd never receive another

invitation or attend another party, one comes your way. Even though you may feel partied out right now, resist the urge to decline.

**Leo 7/23-8/22**

You have a keen intellect and unparalleled persuasive powers, Leo. If you aren't an attorney, you should be. All signs indicate that your career is about to skyrocket. Career and financial success are pretty much guaranteed with today's planetary configuration.

**Virgo 8/23-9/22**

Your mental powers should be especially acute today, Virgo. Your mind will be quick and receptive and your communicative abilities exceptionally sharp. You feel on top of the world, as though you could sell anything to anybody!

**Libra 9/23-10/22**

Your creativity will be high today, Libra, inspiring you to paint or write. If you're unable to take time to satisfy your muse, at least take some

small steps to ensure your abilities don't lie fallow. How about signing up for a class or joining a writing group?

**Scorpio 10/23-11/21**

Today you're going to want to shut out the world and be alone with your thoughts, Scorpio. You're caught up in the introspective energies at play. You may not be very cooperative, and may even wish to spend time on more solitary activities. Indulge yourself.

**Sagittarius 11/22-12/21**

Today indicates that you can expect to make a leap in your career, Sagittarius. Your intellect and communicative skills have served you well in the past months, paving the way for advancement. You may decide to try hard to be sure the promotion occurs.

**Capricorn 12/22-01/19**

If you've been considering a career in writing or teaching, Capricorn, this is an ideal day to put some plans into motion. Your imagina-

tion and inspiration are highlighted, as is your facility with words. This combination pretty much guarantees that you could sell anything to anyone. If you're ready to pitch a book proposal to a publisher, do it now.

**Aquarius 1/20-2/18**

You aren't one to put much stock in the meanings of dreams, but you may have had a dream recently that was so accurate in its prediction as to be almost scary. Certainly it was uncanny. Write down everything you remember about it and then discuss the images with a friend.

**Pisces 2/19-3/20**

You're peerless when it comes to your ability to sway others to your point of view, Pisces. Today you may be put on the spot and asked to defend a position in front of many people. You will do just fine, surprising everyone but you. You handle a microphone with ease and work an audience until they're putty in your hands. You could sell anything!
